a best book of 2022 by the new york public library one of the best sff books of 2022 gizmodo one of the best sf mysteries of 2022 crimereads a goodreads choice award finalist for best science fiction titanic meets event horizon in this sf horror novel in which a

woman and her crew board a decades lost luxury cruiser and find the wreckage of a nightmare that hasn't yet ended. Claire Kovalik is days away from being unemployed, made obsolete when her beacon repair crew picks up a strange distress signal with nothing to lose and no desire to return to Earth. Claire and her team decide to investigate what they find is shocking: the Aurora, a famous luxury spaceliner that vanished on its maiden tour of the solar system more than twenty years ago. A salvage claim like this could set Claire and her crew up for life, but a quick search of the ship reveals something isn't right. Whispers in the dark, flickers of movement, messages scrawled in blood. Claire must fight to hold on to her sanity and find out what really happened on the Aurora before she and her crew meet the same ghastly fate. Truly unputdownable in its purest sense. *Chloe Gong* 1. *New York Times* bestselling author of these violent delights also by *S. A. Barnes*. *Ghost Station*. Cold Eternity. At the publisher's request, this title is being sold without digital rights management software (DRM) applied.

A brand new reimagining of the Buffy universe, this YA series by *New York Times* bestselling author Kendare Blake, *Three Dark Crowns*, features the next generation of Scoobies and Slayers who must defeat a powerful new evil, a worthy successor to the Slayer stories. Booklist starred review for *In Every Generation*: "In every generation, a slayer is born. One girl in all the world. Sort of Frankie Rosenberg is the world's first slayer, a witch, but she doesn't have that slay-life balance figured out just yet. She's still reeling from the deadly explosion at the annual slayer retreat and new evidence that some slayers may have survived. And while she's defeated her first big bad, Frankie soon realizes it was just a warm-up act. Bigger, badder forces of evil are just getting started. The Hellmouth has been reawakened and it's calling old friends home. Portals are opening between Sunnydale and other dimensions, and the Scooby gang has too many demons to contend with. Real, metaphorical, and sometimes absurdly hot. Then an oracle warns of a new foe on its way. The darkness could this be what attacked the slayers, and is it coming for Frankie?" *New York Times* best-selling author Kendare Blake takes readers back to the demon capital of the world in this sequel to *In Every Generation*.
