this special anniversary volume of symbolism explores the nexus between symbolic signification and the future from an interdisciplinary perspective how contributors ask has

the future been variously rendered in symbolic terms how do symbols and symbolic reference shape our ideas of the future to what extent are symbols constitutive of futures and to what extent do they restrain communication about what is possible and the imagination of fundamental change moreover how have symbolic practices shaped not only artistic representations of the future but also scientific attempts at forecasting and modelling it what then is the relevance of symbolism for negotiations of the future in cultural and academic production in essays ranging from literary and film studies to the philosophy of art and ecological modelling the volume seeks to lay groundwork in theorizing and historicising symbols of the future as much as the future of symbolism

compiled to accompany the best selling textbook folk groups and folklore genres an introduction the selections in this anthology extend the discussion in diverse directions alert the reader to new problems and introduce alternative perspectives the essays include folklore classics and recent works and are organized in sections that correspond to the chapter headings in an introduction
